

March 4th Save Our Services

Ontario's Liberal government is cutting billions of dollars from the health care you and your family count on.

Ontarians are paying the price for years of the deepest tax cuts in the country, by curtailing health funding by \$3 billion.

That's tax cuts for the wealthiest and corporations

That's billions in real dollar cutbacks – this year and for the next four years if we don't stop them.

Health Sciences North facing more cuts

- Expected closure of 30 more beds totalling a loss of 60 at Health Sciences North
- The remaining 30 of 60 beds to close in the Functional Assessment and Outcome Unit at the Sudbury Outpatient Centre

All across Ontario hundreds of hospital beds are being closed down.

Patients are lined up on stretchers in hallways.

Local services are being cut and moved out of town.

Outpatient clinics are being privatized.

Home care and nursing home placements are severely rationed and many have to wait a long time, pay for private care or go without.

**It doesn't have to be
this way.**
