

LOCAL 598/CAW NEWSLETTER FINLANDIA CARE SERVICES

October 4th, 2010

Dear Sisters and Brothers:

There are a few things I would like to inform the membership about.

At this time, we have a Policy Grievance in the system. We will be meeting shortly with management to try to resolve it.

From the desk of Denis Chartrand, Compensation, Health & Welfare Officer, some good advice:

*"Please, before you make a decision either from a work-related, non-industrial accident or illness, get the facts first. The decision you make can and possibly will affect you sometime down the road, and it could/will be too late to resolve. **Call your Union to clarify.**"*

Denis is new in this position, but has a wealth of information and knows your rights. Call him if you need help **before** meeting with management.

Our Mine Mill Local 598/CAW Union offices have found a new home. We are now in a brand new, green building located at the Richard Lake Campgrounds. The phone number remains the same (673-3661).

Until next time, enjoy the lovely colours of fall.

Yours in Solidarity,

Tiina Koskela, Unit Chair,
Finlandia Care Services.
