LAFARGE HOLCIM NEWSLETTER

March 7, 2016

Dear Sisters and Brothers,

I would like to take this opportunity to let everyone know what has been happening at our site and around the Local.

As everyone is aware that our 2015 winter work season is coming to an end and we're getting ready to start up our 2016 production season. Production should be up and running somewhere around the first week of April. Our Drill and Blast employees should start being called back from lay-offs somewhere around the 2nd week of March. The Shipping Department should be up and running at full strength by the 2nd or 3rd week of April. The Company has said that our sales should be around the 2.5 or 2.6 million tonnes for 2016, but that could change depending on our Canadian dollar and the demand for more sales. Let's hope that sales increase and we can avoid any shut-downs or lay-offs for our 2016 season.

John Fogal is now your new Health & Safety Co-Chair, so if you have any health & safety concerns, please direct them to him.

I would like to take this opportunity to welcome everyone back and wish them a safe and happy 2016 season.

In Solidarity,

Kevin Bailey

Kevin Bailey
Unit Chair/Co-Chair

United we stand, divided we fall
