LAFARGE HOLCIM NEWSLETTER

May 7, 2016

Dear Sisters and Brothers,

I would like to take this opportunity to let everyone know what has been happening around our site and our local.

As everyone is aware by now, our production is up and running and it looks to be promising as our sales are up from last year. The Company has hired six new employee's; 5 union and 1 non-union with that being said, I would like to say welcome to Lafarge and to the new union employees, welcome to Local 598 Unifor. If you have any questions, please don't hesitate to call me. I have met with some of the new employees and those that I didn't talk to yet, I'll be talking to you when I get a chance.

This is the last year of our collective agreement and if any of you can think of anything that they would like to be added or changed in our collective agreement, please let me know. We still have an opening for a steward position and one health & safety rep. If anyone is interested, please let me know.

In Solidarity,

Kevin Bailey
