Members that work at MANSOUR MINING

February 2014

Dear Brothers of Mansour,

Your Union has had a meeting with the company and several of the outstanding grievances have been cleared out. In particular, your Union has settled the outstanding grievance for one of our brothers and this meeting has or at least should have cleared up the way for your union and the company to start your negotiations for your new collective agreement.

There will be a meeting held for our unit regarding the union proposals to the company and make sure it's all of what you want. The date of this meeting will be on Wednesday, February 19th, 2014. Please check your union bulletin board for further details. Make sure you come out.

A little information for all the membership. The union has started a new thing at its General Membership meetings, when you show up, you sign your name, your name is then entered into a draw for a gift card at the end of that meeting. This goes for all members who attend their General Membership meetings. The next membership meeting is on the union board. Check it out and come out.

A lot of information can be found on the your union website at www.minemill598.com . Your Local 598/Unifor is also on face book: Mine Mill 598/Unifor. Group - Mine Mill Local 598/Unifor. To join, you must facebook message Marcel Charron with your employee number and the name of your workplace. This is an effort to keep this exclusive to Mine Mill 598/Unifor members only.

In Solidarity,

James Hihnala

James Hihnala, Unit Chair
