UNION NEWSLETTER

April 2016

Hello Brothers & Sisters,

Hope everyone is doing well. There's a few grievances that we are working on regarding company policies and how they are perceived and enforced.

As you all know, April 1st, we started the last year of our 3 year contract so I am asking all of you to start thinking about any concerns or ideas you may have or would like addressed at bargaining.

In Solidarity,

Chad Nelles
