Union, Local 598/Unifor that work at
Mansour Mining Technologies Inc.**

UNION NEWSLETTER

May 2017

Hello Brothers,

I hope all is well with everyone. It seems like everything is going rather well at our workplace other than a few issues. The bargaining committee has gone through the new contract and will be sending it to the Company to review. We will get copies to everyone as soon as possible.

The new vacation scheduling seemed to go well. I hope everyone is happy with it and enjoys their holidays. Stay safe and enjoy the summer weather.

On a side note, just want to remind everyone that the union is only as strong as the members and we need to stick together on issues that occur to get the desired results to benefit us all.

In Solidarity,

Chad Nelles
