## BROTHERS AND SISTERS

I would like to take this opportunity to thank all of those who supported me during the recent election and the management at all 4 sites for allowing me to campaign at the sites.

I would also like to welcome all the new union leadership and executive board members. I look forward to working with you over the next 3 years.

I would also like to thank Jake Noland for his time as Unit Chair and for taking on the role of Joint Health & Safety Committee Co-Chair at the Mill.

I officially took office on June 29th and have already had to deal with a termination, attended 2 (duty of fair representation) consultations. We should have the decisions by the September general membership meeting and we will present the decisions to the membership at that time.

We are also dealing with many other issues such as grievances, arbitrations & contractors. This position offers many challenges and I'm looking forward to these challenges.

One of our many goals is to improve communication between the union and our members.

One thing we've done is that we've created a website which will be updated on a regular basis. We also have a Facebook group and page and a Twitter account.

The new website is:  
[www.minemill598unifor.com](http://www.minemill598unifor.com)

The Facebook group is:  
[Mine Mill Local 598/Unifor](#)

The Facebook page is:  
[Mine Mill 598/Unifor](#)

The Twitter account is:  
[@uniforlocal598](#)

When requesting to join the Facebook group, please send me a Facebook message stating your work location and employee number, as I'm keeping the group strictly for Mine Mill members only. Please be mindful when posting to social media, “big brother is watching”.

*In Solidarity,*  
*Marcel Charron*  
*Unit Chair—Glencore*

### SPECIAL NOTICE FROM CAROLE BOILEAU

June 25, 2015

To whom it may concern:

This letter is a follow-up to the company's retraction request.

My article in the May 2015 Mine Mill publication in no way meant to leave the reader with the impression that my health difficulties were caused in any way by workplace exposures and that I regret any misunderstanding caused as a result of my remarks.

Thank you  
Carole Boileau
